Attention: - Regarding Port Arthur False Flag
Massacre Attack

Subject: - Port Arthur Massacre Attack 1996

Dear Pauline

And staff there, please pass the
enclosed onto Pauline personally, and get her to
save them to a special file called "Truth About
Port Arthur Massacre"

Please find enclosed the following letters written
to Australian Federal Police Commissioner
Andrew Colvin, I sent to him about Port Arthur
False Flag Terrorist Attack.

Pauline and staff we have to get this right and call it was this attack was, A False Flag Terrorist Attack sanctioned by the John Howard Federal Government and Tasmanian Government under Ray Groom.

So far to date the Federal Police Commissioner have chosen to cover this all up and bury everything under the carpet.

You want evidence and names, then look at the letters written to the Police Commissioner I name some of the main players involved in these attacks.

If these attacks were not sanctioned by Government then why did ASIO have ASIO Agents in the Café` at the time and who were the first to be killed when Anthony Nightingale stood up and said “No No Not here”!!!!

Also if these attacks were not sanctioned by Government then why place two ASIO Agents in Tasmanian Government Depts?

If the Media and others try and attack you over your comments about Port Arthur bring out these letters and table them in the Parliament that will shut the Media up, they have been hiding the truth all these years.

Lastly Pauline and staff I hope these letters and quoting from them some of the juicy information from within help exposes Port Arthur Massacre once and for all for what it was A False Flag Terrorist Attack carried out against Australian citizens.

Yours truly

Lloyd T Vance
